NEW YORK BESALD, SATURDAY, JUNE 21, 1863-THEFT.

FINANCIAL AND COMMERCIAL.

FRIDAY, June 26-6 P. M. There is no change in money. There is no searcity in Wall street at 6 a 7 per cent; but the bankers are giving the brokers some trouble by discriminating against non-dividend paying shares Commercial paper sells at 5 a 6 per cent. There

is a pretty active inquiry for debt certificates nev Sold has been inactive, the price hanging about

144% a 145%. Exchange is dull at 1571% a 158. The excitement on the Stock Exchange to-day was on Harlem, which was expected to decline on the passage of the resolutions of the Common Council rescinding the grant of the Broadway Railway. Instead of declining, however, it advanced, rather to the astonishment of the shorts. After selling last evening at 72, it rose to-day to 97, a difference rarely witnessed in a single day, and a more severe punishment than the bears have some time. The excitement when the stock was called at the board was very great indeed. On other stocks there little movement. Erie and Centra were firm. Pacific Mail was 1 per cent down. The Western shares were irregular, Pittsburg, Rock Island and Toledo being rather lower, while Galena was better, being quoted dividend off. Hudson River rose to 1381/4, selling in the afternoon at 137. It is understood that the company propose to divide the surplus on hand before 1st November, so as to exclude the third mortgage (convertible) bondholders from the benefit of it and reserve the whole sum for the present shareholders. Illinois Central was lower to-day. The road earned in the third week of June \$107,000-the heaviest week's business in the history of the line. During the first three weeks o' June the earnings were \$303,791, against \$269,281 in the whole month of June last year. Governments were pretty steady to-day. in the afternoon the market generally was steady, ans at the four P. M. call stocks were buoyant, th highest prices of the day being hid on all sides. The following were the closing quotations of the

US 6's,'81,reg.103% a 103% Hudson River.136 a 136% The advices from Missouri are that the Emanci-

pation Convention will probably adopt Governor Gamble's scheme of abolition, to take effect in 1876, in preference to immediate emancipation. with a term of apprenticeship for the emancipate slaves. Practically, the difference between the two schemes is small, and, so far as the financial Interests of the State are concerned, hardly perceptible. Slavery can hardly last in Missouri until 1876-except as it existed in this State and in New Jersey even a few years since; and, becoming a free State, Missouri will undoubtedly enjoy as good a credit as the other free States of the West. State bonds, which are now selling at 68, with 15 per cent interest due on them, will probably attract the attention of the foreign capitalists who are such eager buyers of Ohio, Illinois and Indiana The Michigan Southern Company have declared

a dividend of five per cent on the guaranteed stock, payable on the 1st. They have \$170,000 on hand, without counting the June and July business. The interest on the third mortgage bonds of the Harlem Railroad will be paid on and after July 1 at the treasurer's office. The July interest on the first mortgage ten per cent bonds of the Bacramento, Placer and Nevada Railroad Company of California, less the government tax, will be paid on and after the 1st day of July next by George T. M. Davis, at his office, No. 47 Exchange place, on presentation of the July coupon. We have received the following communication

from an officer of the Cumberland Coal Company:from an officer of the Cumberland Coal Company:—
The company have always sent a portion of its products to tide water by the railroad, and are generally one of the beaviest shippers by that route. At the opening of the present season heavy shipments were made by that route; but the scarcity of coastwise transportation and the high rates established at Raitimore compelled the sompany to reduce its shipments by railroad and send the bulk of its products by canal, as coastwise transportation sould be more readily and cheaply obtained at Washing too. The canal has not been destroyed, nor has sit been damaged to any material extent. It can be put in complete order in a fortught. No damage has been done to the property or works of the company. They are prepared to resume shipments at an hours notice. Ever since 1860 the interest on its bends and the expenses of its business have been paid from its lagitimate operations. The affairs of the company are in much better condition at pre-sent and better entitled to

The consolidation of the Milwankee and Chicago Railroad Company with the Chicago and Milwau- 50

kee Railroad Company is now completed, under the name and style of the Chicago and Milwaukee Railroad Company. Mr. Walter S. Gurnee and E. K. Rodgers, of Chicago; Mr. Charles L. Frost, of New York, and John V. Ayer, of Kenosha, have been appointed provisional directors, who will manage the new company until the election of officers. Mr. Frederick Schuchurdt, of New York; John V. Ayer, of Kenosha, and Sidney O. Sage, of Racine, are appointed trustees to wind up the Milwaukee and Chicago Railroad Company; and Messrs. Blodgett, Gurnee and Witt, of Chicago, are appointed to wind up the affairs of the Chicago and Milwaukee Railroad Company. The plan

of consonuation is substantially as follows:
The readbed, rolling steck and franchises are put
with the new company, mails for mile, on a
basis of \$25,000 per mile, which amounts to. §

The New Orleans Era of June 13 says:-The New Orleans Era of June 13 says:—

The movement in business circles here continues very slow and limited, and the posture of affairs generally agmins unchanged. The amount of steriling in the way of exchange is small, and the demand is limited. The rates for bil son London range at 164 a 165 and 166 a 167, necording to the currency. France may be quoted nominally at 3.49 a 3.39, based on legal tender notes as the standard of movements. Bank and backers' sight bills on New York command 2 a 2½ per cent premium. Treasury notes outdoor, 1½ a 2 per cent premium. Legal tender notes, in small sums, change hands at 2½ per cent premium. Dealers have placed the rates for gold at 47½ a 50 per cent yearium, and for silver 53 a 40 per cent; beat there is scarcesty anything doing worthy of note.
